Specification Sheet

Short Form Specifications

Rear Filler Panels: Type 304 stainless steel. Available in 35" standing, 29 1/2" sitting, or 84" tall cabinet heights with 6" or 12" depth. Provided with a 1" flange on all sides pre-punched with holes to secure to surrounding surfaces. Typically used to close off chase areas behind and between cabinets.

Rear Filler Scribes: Type 304 stainless steel. Available in 35" standing, 29 1/2" sitting, or 84" tall cabinet heights with 6" or 12" depth. Provided with a 1" flange on three sides pre-punched with holes to secure to rear of cabinet.

Corner Fillers: Type 304 stainless steel. Available in 35" standing, 29 1/2" sitting height. Provided with a 1" flange on all sides pre-punched with holes to secure to cabinet. Creates a smooth transition around corners while maintaining the toe kick.

Rear Filler Panels

- Typically used to close off chase areas behind and between cabinets.
- Available for Standing-, Sitting-, and Tall-Height Cabinets.
- 6" or 12" (152 or 305mm) width.
- Custom sizes available.

Rear Filler Scribes

- Typically used to close off areas between the cabinet and walls. May be cut to follow irregular surfaces during install.
- Available for Standing-Height and Sitting-Height Cabinets.
- For use with no apron above.
- Custom sizes available.

Corner Fillers

- Creates a smooth transition around corners while maintaining the toe kick.
- Available for Standing-, Sitting-, and Tall-Height Cabinets.
- 3" or 6" (76 or 152mm) width.
- Custom sizes available.
