# SPACE Planning

Since joining the Revit® community in late 2012, Eagle has been working diligently to create our Revit® content library of catalog items.

You can access Eagle's Revit® library through AutoDesk Seek, or you can visit our website—[www.eaglegrp.com](http://www.eaglegrp.com)—which features a link on the homepage which takes you directly to our offering in the KCL library.

AUTODESK® SEEK is a web service which enables architects, engineers, and other design professionals to quickly preview and download branded and generic building information modeling files, models, drawings, and product specifications directly into their active design sessions in Autodesk® Revit®.

## Contact us...

If you are interested in a model that is not yet available via our website or AutoDesk Seek, please contact us via email at: [revit@eaglegrp.com](mailto:revit@eaglegrp.com)

Please include the following information with your request, if applicable:

- Contact information
- Project name
- Requested timeline
- Deliverable media
- Custom or standard (include Model #)
- Plans and/or specifications related
- Special considerations
- Revit version (2011-2014 available)
