SPACE Planning

Since joining the Revit® community in late 2012, Eagle has been working diligently to create our Revit® content library of catalog items.

You can access Eagle's Revit® library through AutoDesk Seek, or you can visit our website—www.eaglegrp.com—which features a link on the homepage which takes you directly to our offering in the KCL library.

AUTODESK® SEEK is a web service which enables architects, engineers, and other design professionals to quickly preview and download branded and generic building information modeling files, models, drawings, and product specifications directly into their active design sessions in Autodesk® Revit®.
