The following shelf samples were tested by an independent inspection bureau and testing laboratory to determine the corrosion resistance of each finish.

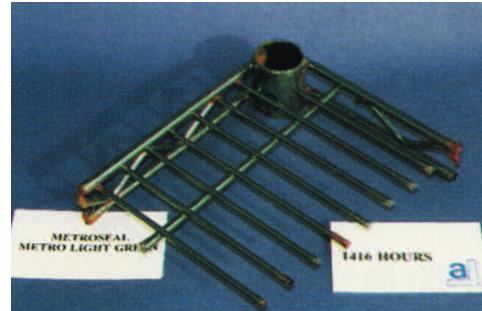

ISS's Gold Bond® (Fig. 1), InterMetro's Metroseal® green epoxy (Fig. 2), InterMetro's Metroseal II™ dark green epoxy (Fig. 3) and Eagle's EAGLEgard® green epoxy (Fig. 4) were the selected samples that underwent test #B117 in compliance with the American Standard for Testing Materials. The test time window was 1416 hours. Test results are shown in the photos.

Note EAGLEgard® results are superior.

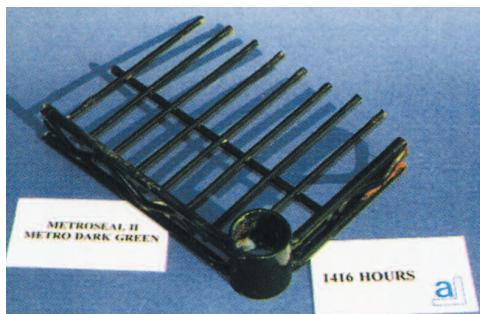

### 1. ISS Gold Bond®

hours	comments
24 . . . .	some white corrosion
240 . . . .	white corrosion at welds
1008 . . . .	heavy white corrosion
1416 . . . .	approaching severe white corrosion
	<b>test terminated</b>

### 2. Metroseal®

hours	comments
336 . . . .	red rust on collar
504 . . . .	red rust on 3 welds
888 . . . .	noticeable red rust
1416 . . . .	red rust at over ½ welds
	<b>test terminated</b>

### 3. Metroseal II™

hours	comments
48 . . . .	spot red rust
504 . . . .	some white corrosion
1176 . . . .	noticeable red rust
1416 . . . .	white corrosion and red rust
	<b>test terminated</b>

### 4. EAGLEgard®

hours	comments
168 . . . .	spot of white corrosion
888 . . . .	darkening around welds
1416 . . . .	slight white corrosion
	<b>test terminated</b>

Now featuring MICROGARD™ standard on EAGLEgard® shelving, an antimicrobial agent which is built-in to protect the shelf against the growth of a broad range of bacteria, mold and mildew.

Tested by: ASHLEY Laboratories, Baltimore, MD.

Spec sheets available for viewing, printing or downloading from our online literature library at [www.eaglegrp.com](http://www.eaglegrp.com)

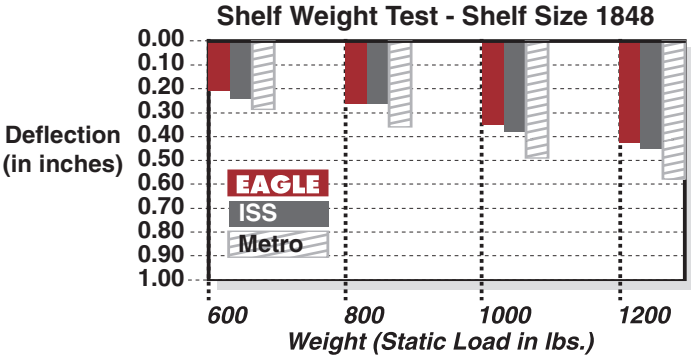

**WEIGHT TEST RESULTS**

An independent inspection bureau and testing laboratory proves that **EAGLE** QuadTruss® wire shelving is now not only an “and/or equal” but an “and/or better” product.

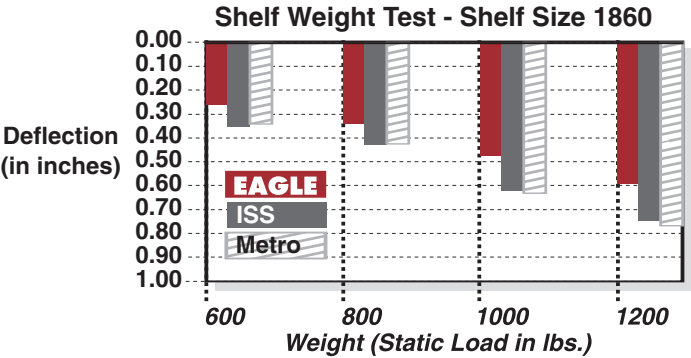

With its **PATENTED** design, **EAGLE** has the strongest shelf in the industry!

We have the product...  
 We have the expertise...  
 ...let **EAGLE** work with you on all your shelving needs.

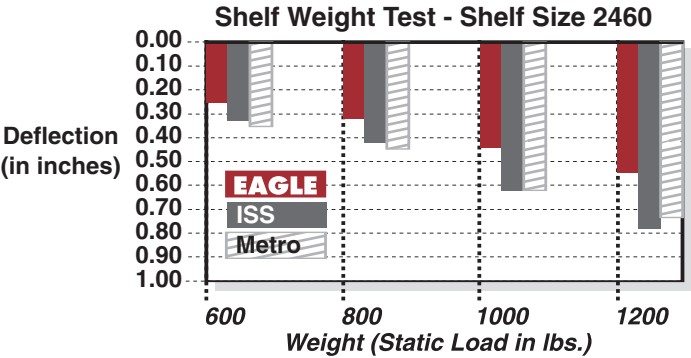

Tested by  
 West Penn Laboratories,  
 Turtle Creek, PA.
