* See charts for complete model numbers.

- Shelves mount over two crossbraces of a four post high-density system.
- Available for new systems or can be retrofitted to existing systems.
- Installs without the use of tools.
- Load tested to 250 lbs. and provides 62% laminar flow.
- Flexibility to mix or match with solid metal shelves, as required.
- Open-wire construction promotes higher visibility, allows light to pass through the shelves, permits greater air circulation which helps reduce moisture and dust build-up, and increases the effectiveness of fire-suppression systems.
- Comes with EAGLEbrite® zinc, Valu-Master® grey epoxy, or stainless steel finish.
- Packaging: 24" through 48" lengths packed four per box.
