Gowning Racks - with Hanger Rail

These racks are designed for efficient storage of garments in the cleanroom. The stainless steel construction offers a non-contaminating surface that eliminates particle shedding. 24" width, 73" height, and available in 48" to 84" lengths. Hanger slots are standard 2 1/2" centers. Other center configurations are available.

hanger slots on standard 2 1/2" centers (shown with optional hangers)

hooks welded on standard 1 1/2" centers on all four shelf sides

1" diameter tubular bar mounted underneath wire shelf

Gowning Racks - with Wire Shelving Components

patented QuadTruss[®] design

These racks incorporate standard wire shelving featuring patented QuadTruss[®] design, with specially designed gown storage options. They offer a more economical rack option in less demanding environments. Available in chrome-plated steel as well as stainless steel models. Available in 14" and 24" widths, and 48" to 72" lengths. 86" height.

Wall-Mounted Gowning Racks

'Space Management Solutions'

Racks with Hanger Slots

This gowning rack is available in lengths of 48' [17 hangers], 60' [22 hangers], or 72' [27 hangers] and width of 24'. Wall mounted, and includes open wire top shelf for laminar flow. Available in stainless steel or chrome finish. Hangers are optional.

Racks with Hanger Tube

Like the freestanding model, this model features a 1" diameter tubular bar which mounts easily to underside of wire shelf and comes in width of 18" and lengths of 48', 60', and 72'. Wire design facilitates laminar flow. Available in stainless steel or chrome finish.

Racks with Hooks

This compact design is 14" in width and comes in lengths of 48' [30 hooks], 60' [38 hooks] or 72' [46 hooks]. Available in stainless steel or chrome finish.

Gowning Benches

Solid Gowning Bench

Benches include flanged stainless steel foot plates for convenient attachment to the floor. Available in brushed 304 stainless steel finish. Widths of 9" and 12", lengths up to 84", and height of 17".

EL Series Heavy Duty Solid Gowning Bench

Heavy-duty benches feature hat channel on underside of seat. Stainless steel foot plates. 14 gauge type 304 stainless steel. 16" front-to-rear, lengths up to 84", and 17" height. Available with welded or adjustable h-frame, or with adjustable 4-sided frame.

Gowning Bench with Undershelf Storage

Available with perforated or solid seat. Wire undershelves offer optional bootie storage. These units come complete with designated seat, legs, foot plates, and one wire undershelf (additional wire shelves and dividers are optional). Available in stainless steel finish. Seating area is 18" wide, and wire undershelf is 14" wide. Length up to 72" and height of 19".

Wire Gowning Bench

Economical gowning bench with wire shelving components offers 62% laminar flow. Ideal for less demanding environments or for use during construction as the room is brought into clean. All units feature four 18" legs with foot plates, one three-sided channel frame, and one wire shelf. 14" width, 18" height, and available in lengths up to 72".

CLONING - High Density Storage

Options available for all your storage needs

Floor-Trak High Density Storage Systems

Options available for all your storage needs

single deep unit shown assembled with wire starter unit
(wire shelving unit sold separately)

- Industrial-type bearings allow loaded units to glide effortlessly over track.
- Low profile, non-corrosive track constructed of stainless steel and anodized aluminum.
- Consolidates space.
- ADA compliant.
- Simple and easy to install.
- Can be built double deep and not impede rollability.
- Easy to add-on additional tracks and units.
- Open construction allows for the use of cart covers when required.

Overhead Track High-Density Storage System

- Maximum storage in a minimum amount of space.
- Requires only single-aisle access.
- Allows longer track length without a stationary intermediate unit.
- Quick and easy assembly.
- Offered in a wide selection of sizes, with shelves ranging from 18" to 36" wide and 24" to 72" long, and overhead track ranging from 6' to 21' long.

VEGETATIVE AND FLOWERING - Storage & Transport

Options available for all your storage needs

Carts and Wire Shelving Units

Open wire construction promotes higher visibility and permits greater air circulation, which reduces dust and contamination build-up. QuadTruss® design (patent #5,390,803) makes shelves up to 25% stronger. Posts are numbered on vertical 1" increments to ensure, fast, level assembly of shelves and maximum flexibility for unit/cart configuration. Numerous sizes and combinations are available. Accessories available include dividers, ledges, label holders, enclosure panels, and more.

QuadTruss®
design

two-shelf utility cart

wire shelving unit

angled wire shelf cart

stainless utility carts

Stainless Utility Carts

Ideal for light- to medium-duty transport in virtually any environment. Three stainless steel shelves welded to angle legs and caster channel frame. Four 4"-diameter swivel plate casters. 1"-diameter handle on one end. Available with standard 1"-high upturn on ends and rear of top and center shelves, or 1"-high upturn on all sides of all shelves.

Shelving Solutions

Options available for all your storage needs

From wire to polymer to stainless, Eagle provides a wide range of shelving products to fit every requirement. Eagle MHC has been manufacturing wire shelving and accessories for over 25 years. Eagle's patented Quad-Truss® design makes our shelving 25% stronger than the competition.

STORING AND SECURING

Options available for all your storage needs

Security Units

Security units range from 17 $\frac{1}{4}$ " to 33 $\frac{1}{4}$ " in width, 33 $\frac{1}{4}$ " to 63 $\frac{1}{4}$ " in length, and 69" height. Ideal for storing and transporting valuable materials. Security units are offered in chrome or stainless steel finish. Stationary and mobile units available.

full-size mobile security unit
—shown with optional center shelf (sold separately)

Security Modules

- Converts portion of shelf unit into a lockable enclosed security unit, adding versatility and flexibility.
- Includes end panels, rear panel, and door(s).
- Available with hinged doors or with single flip-up door.
- Fits in between two wire shelves spaced 20" apart.
- More than one module can be added, depending on unit's overall height.
- Available for 18", 21", and 24" wide shelving units.

Stainless Steel Cabinets

Wall Cabinets

Heavy gauge stainless steel construction. Back is recessed, with full length concealed mounting plate for easy installation. Standard with fixed center shelf. 28" overall height. Lengths from 36" - 96" available. Options include open front, hinged doors, or sliding doors.

Vertical Storage Cabinets

Features 18-gauge stainless steel cabinet body. Three shelves are adjustable on 4" vertical centers, double pan 20-gauge stainless steel hinged doors, and transverse rod handles featuring keyed locks are standard. Available in 36" and 48" lengths. Flat top or slanted top models available. Optional 5" plate casters with brake available.

SpecFAB® Custom Fabrication

Custom Equipment Manufactured to Your Specifications!

CUSTOM APPLICATIONS COMPRISED OF SPECIALLY FABRICATED, STAINLESS STEEL EQUIPMENT OR PRE-FAB MODULAR COMPONENTS, OR A COMBINATION OF BOTH, WORK THEIR WAY QUICKLY THROUGH A SIMPLE YET SOPHISTICATED DESIGN, APPROVAL AND FABRICATION PROCESS. EQUIPMENT BUILT TO YOUR EXACT SPECIFICATIONS, PRE-WIRED AND PRE-PLUMBED (IF APPLICABLE), IS SHIPPED WITH SHORTER LEAD TIMES AND AT A LOWER OVERALL COST.

Manufacturing Capabilities:

- Engineering and design assistance.
- Room layouts provided.
- Standard and custom built stainless products.
- Small to large order capacities.
- Designed and built to industry standards.
- Quality controlled throughout process.
- In-house equipment capabilities and standard products provide *economical* solutions.

How to Request a Quote?

- Quotation request get emailed to quotes@eaglegrp.com

What to include with your request...

- Your name and dealer name
- Job or project name
- Required date for quote
- Bid date for project
- Projected installation date and timeline
- Consultant name when applicable
- Plans & specifications related to the project
- Special considerations

The Eagle Advantage™ begins right here in our state of the art manufacturing facility - with 14 acres under one roof, where the most comprehensive broadline product offering in the industry takes shape. This all-inclusive design and production capability offers distinct advantages to our customers. Streamlined ordering and shipping substantially reduce freight, receiving, installation and administrative costs.

Supporting it all is a framework of highly responsive customer service representatives, the most innovative, versatile and durable equipment available on the market today, a fleet of company-owned trucks, plus amply stocked distribution centers in strategic locations nationwide - which guarantees product availability and delivery.

Together, it adds up to product excellence enhanced by measurable cost savings and value. We call it The Eagle Advantage™ and you can profit from it.
