Phone: 1-800-441-8440 • F: 302-653-2065 • www.eaglemhc.com

Eagle MHC manufactures a broad line of stainless steel inset casework featuring a wide variety of drawer and door configurations to meet your laboratory requirements with all casework proudly made in the U.S.A.

Our casework construction and performance characteristics are in full compliance with SEFA 8M Metal standards.

In addition to our extensive casework product line, Eagle MHC offers stainless steel countertops, custom stainless steel fabrication, laboratory sinks, workstations, shelving and other storage solutions.

Stainless Steel Countertops

stainless steel countertops fabricated to drawings indicating backsplash height, raised edge and field condition requirements

- 14 or 16 gauge, type 304 or 316 stainless steel. Other gauges and types of stainless available to meet the function and chemical resistant demands of highly specialized labs.
- Standard front edge Square or Box Marine, unless otherwise specified. See detail 1 on next page.
- Back and end splashes are manufactured per specification. See details 2 & 3 on next page. All working surfaces and sink bowls have coved sanitary horizontal and vertical corners.
- Either a mechanical hairline seam or field welded joint available per your specifications.
Maximum length without seam is 144" if no end splash. Length is reduced by 5½" for each end splash that may be required.
- Fabricated sink bowls available in most any size and depth with single or multiple compartments.
- For backsplash mounted faucets, splash will need to be at least 2" deep for plumbing access, holes for deck mounted faucets are typically centered 1½" from the edge of sink bowl.
- Both L-shaped and U-shaped tops are available per your drawings.
 - Corners are mitered and factory welded.
 - Maximum size without field joint provisions is 96" x 96" to fit into standard trailer for ground shipment.
- Countertops have stainless steel reinforcing hat channels. National Sanitation Foundation (NSF)-listed sprayed latex sound deadening available upon request.
- Standard packaging is wood crated and is included in the cost.

Z-clip provided for wall attachment.

- NOTE:
- Drawings to be submitted for approval prior to fabrication using the latest version of AutoCad software. They will be emailed in Adobe Acrobat format (.pdf) unless specified otherwise. AutoCad files (.dwg) are available upon request.
 - Complete field welding and finishing services are available at additional expense.

Eagle MHC offers a variety of products to serve the needs of the Cleanroom and Lab marketplace. Products include gowning racks and benches, stationary and mobile workstations, cleanroom tables, stainless steel countertops, a variety of transport and storage carts and shelving, and a full line of stainless steel lab sinks, including stand alone and drop in models. Our equipment is engineered to meet "good-better-best" class requirements in critical environments. Custom options are also available to meet your specific requirements.

Eagle MHC is represented across the country by independent representatives that are available to assist you and make the process of doing business with Eagle easy. They are supported by a customer service team that can assist with quotes, order status, freight estimates, and answer any questions that you may have.

Eagle MHC's experienced Design and Quotations Team can work with you to ensure your project meets and exceeds your laboratory requirements.

We support you every step of the process, from quotations, layout, submittals and through our state of the art manufacturing processes.

Our professional Field Services Team can assist with installation, field work and on site management of the installation process.

To Request A Quotation, contact our Quotations Team via email at quotes@eaglegrp.com

The Eagle Advantage™ begins right here in our state of the art manufacturing facility - with 14 acres under one roof - where the most comprehensive broadline product offering in the industry takes shape. This all-inclusive design and production capability offers distinct advantages to our customers. Streamlined ordering and shipping substantially reduce freight, receiving, installation and administrative costs.

Supporting it all is a framework of highly responsive customer service representatives, the most innovative, versatile and durable equipment available on the market today, a fleet of company-owned trucks, plus amply stocked distribution centers in strategic locations nationwide - which guarantees product availability and delivery. Together, it adds up to product excellence enhanced by measurable cost savings and value. We call it The Eagle Advantage™ and you can profit from it.
