

# Wall Mounted Gowning Racks with Hanger Tube

## ASSEMBLY INSTRUCTIONS

### CAUTION

INSPECT CONTENTS IMMEDIATELY AND FILE CLAIM WITH DELIVERING CARRIER FOR ANY DAMAGE. **SAVE YOUR BOX AND ALL PACKING MATERIALS.** YOU ARE RESPONSIBLE FOR DAMAGE TO YOUR UNIT IF RETURNED IMPROPERLY PACKED.

### Parts List

#	qty	description
#1	1	wire shelf
#2	2	wall bracket
#3	1	hanger tube
#4	2	rack hook
#5	4	3/8" fender washer
#6	2	3/8"-16 x 1-3/4" bolt

\* Size and/or finish determines part number.

### IMPORTANT NOTE:

Wall mounted units must be attached to a properly constructed and sound wall. For walls constructed of wood or steel studs, the mounting points must be directly on the stud or suitable in-wall-grounds of plywood or sheet metal. Eagle Group cannot be held responsible for the failure of the device or any other devices due to improper installation.

### Step 1

- To determine location of wall brackets\*, measure the distance between the outer holes of each wall bracket mounting plate by adding 3/8" to shelf length (example: For 60"-long shelf, total distance between the outer holes of each mounting plate is 60-3/8").
- Use a level to ensure the left and right set of holes are level with one another. Mark holes.
- Drill holes and affix each bracket to wall. Wall-mounting hardware not included.

\* **Hint:** Place the shelf over the bracket before marking the mounting plate locations. This will help with proper location of bracket, and aid in the overall mounting process. Check the shelf with a level, prior to mounting. If the wall is not plumb, spacer washers should be added. Spacer washers not included.

EG10115 Revised 01/24

# Wall Mounted Gowning Racks with Hanger Tube

## ASSEMBLY INSTRUCTIONS

### Step 2

Lay the wire shelf atop the wall brackets, as shown.

### Step 3

On each end of shelf, loop rack hook onto left-to-right trusses of shelf, as shown.

### Step 4

On each end of shelf, run bolt through washers and rack hook, and into hanger tube, as shown.

**(End)** Assembly is complete.

### WARNING – IMPORTANT NOTES

- Heavier objects should be stored at lower levels.
- Always be sure shelves are properly leveled.
- Do not step, stand, climb, or hang on shelving.
- Do not drop heavy objects onto shelves.
- Never overload shelving.
